INVITATION

Future Cleantech Architects requests the pleasure of your digital attendance in a special panel discussion. Drawing upon the expertise of high-level experts from Spain, Ireland, the United Kingdom and the United States, we will take a detailed look at the state of high-impact energy technologies to tackle climate change.

Our Questions to the Panel

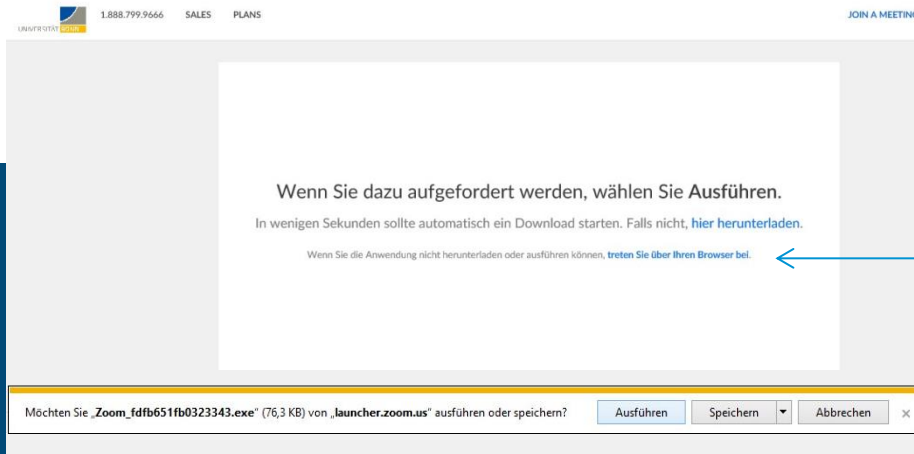

- “What is the State of the Energy Transition across Europe?”
- “How can we push cleantech after COVID-19 has been overcome?”
- “Which technologies will help us fight climate change in the 2020s?”

HOW TO LOG IN

STEP 1: On May 27, at 6 pm, please use this link:

<https://uni-bonn.zoom.us/j/94122249067?pwd=eVNNazhmb0RFL0o4TTNMQk5yN3NzQT09>

STEP 2: Join the meeting by using one of the two options:

Option 1: enter via your browser

Option 2: use Zoom application

STEP 3: Enter your name and join the panel discussion

FUTURE CLEANTECH ARCHITECTS (FCA)

is a think tank dedicated to promoting breakthrough R&D efforts to combat climate change. Located in Remscheid, Germany, FCA operates with two key organizational bodies: an Advisory Board and an Expert Panel, both equipped with international experts on questions of developing, financing and scaling cleantech.

FCA is a non-profit organization.

   www.fcarchitects.org

OUR MISSION

essentially consists of two parts:

- Developing **high-impact, long-term cleantech ideas** for comprehensive decarbonization of human activity
- **Supporting innovators** working on breakthrough ideas in the three fields of financing, match-making and marketing

Innovators

We feature a selection of highly innovative entrepreneurs with an interview series on our website
