

POSITION:
JUNIOR GRAPHIC AND DATA
DESIGNER (m|f|d)
REF-NO.:
2025 | FCA | JGD
LOCATION:
Remote – Work from home
CLOSING DATE:
01.08.2025

FUTURE CLEANTECH ARCHITECTS

Future Cleantech Architects (FCA) is a non-profit climate innovation think tank, located in Remscheid, Germany. We exist to close the remaining innovation gaps to reach net-zero emissions by 2050. FCA accelerates innovation in critical industries where sustainable solutions are still in very early stages. Moreover, we urge policymakers to intensify and better prioritize their R&D activities.

JUNIOR GRAPHIC AND DATA DESIGNER (m|f|d)

RESPONSIBILITIES

The Junior Graphic and Data Designer will promote the decarbonization of hard-to-abate sectors by supporting the design of impactful publications and presentations with graphic and information design / data storytelling. This role also supports the development of visual assets for our social media channels, templates in various formats, and programs to develop a compelling and consistent brand identity for our young and growing organization. The Junior Graphic and Data Designer will work within our Communications Unit to support effective communication of our work across all our channels.

Main responsibilities include:

- Developing infographics and visualizing data
- Supporting design of print publications and branded materials
- Designing visual assets for social media channels
- Designing templates for different applications
- Supporting development and roll-out of design best practices

REQUIRED QUALIFICATIONS | EXPERTISE

- Bachelor's degree in graphic design, data design, or similar
- Extensive experience with Adobe Creative Cloud (InDesign, Illustrator, Express)
- Excellent knowledge of Microsoft Office 365, including Power Point, Word, and Excel
- Strong proficiency in English
- Interest in science and tech-centred communication

MERITING QUALIFICATIONS | EXPERTISE

- Experience with data design tools, such as Flourish
- Experience with the use of generative AI in design
- Experience with web design and WordPress
- Proficiency in German
- Demonstrated interest in cleantech, energy, and climate topics
- Strong interest in data visualization and visual storytelling

REMUNERATION

FCA offers a competitive salary at level commensurate to the level of experience and allowances including post adjustment. Full-time work (40 hrs/week) preferred.

FULLY REMOTE WORK

The position allows for predominantly working from home.

DURATION OF CONTRACT | STARTING DATE

The position can be filled for two years with the intention to prolong the contract thereafter. Starting date would be ASAP.

APPLY

Please email your application as one pdf-file, containing a one-page cover letter and a max. two-page resumé to HR@fcarchitects.org by **August 1, 2025**.
